Dear Kevin,

I would like to take a moment to thank you for all your hard work on behalf of OES during the past year. Working with you on the Advancement Survey has been a real pleasure, and the results you presented in September have been extremely helpful to us as we re-vamp our Alumni relations program.

As you know, OES has made a strong commitment to building stronger connections with our alumni body, which is a challenge at a school that has had three name changes and locations. Many of our alumni feel disconnected from what is now the OES campus, and the recommendations coming out of the survey have given us many excellent strategies for how we can bring our alumni back into the fold. Our Alumni annual fund chair is very energized by some of your pinpoint analysis about the philanthropic values of our various alumni, and feels confident this year's fund will break records (let's keep hoping!).

I particularly appreciated your close personal attention to the subtleties we were attempting to tease out in this survey. Your careful analysis of the data was right on target, and I know our Data Manager is enjoying using the Report Generator. We recently developed an Alumni Task Force based on the report that indicated which alumni were interested in volunteering, and they are already hard at work.

Once again, thank you for an excellent survey. I enjoyed meeting you, and look forward to seeing you here in the beautiful Pacific Northwest again soon.

Sincerely,

Pam Dreisin
Assistant Head of School for Admission & Advancement
